Senator Caroline Manjivar with 2024 Badass in Green Honorees, **Ana Karen Estrada** and **Eric Warmoth** of Project Super Bloom, and **Melanie Nakagawa** of Microsoft

Violet Sage Walker of the Northern Chumash Tribal Council, accepting her 2022 Badass in Green Award

A BADASS IN GREEN IS A CHAMPION OF:

- ✓ Protecting our public lands, air, and water
- ✓ Building democracy by increasing voter access and participation
- ✓ Transitioning to clean energy & transportation
- ✓ Transitioning workers to new jobs in a green economy
- ✓ Implementing sustainable agriculture practices
- ✓ Protecting communities from toxins and pollution

2025 HONOREES

CALIFORNIA'S FIREFIGHTERS

California Firefighters aren't just on the ground when big emergencies happen—they work all year to keep communities safe with controlled burns and fire safety, preparedness, and home hardening education programs. We are so grateful for the dedicated, badass California firefighters that protect our state, and we're honored to recognize them at the 2025 Badass in Green Awards.

Award Recipient

Dave Gillotte
President, LA County
FF Local 1014

RESOURCE INNOVATIONS

Resource Innovations is a woman-founded and women-led energy firm creating transformative impacts in the renewable energy space. Founder & CEO, Lauren Casentini, has shown bold leadership in equity-centered clean energy work and commitment to scalable climate solutions. With over three decades at the forefront of transforming the energy landscape, we are honored to recognize her and Resource Innovations as a 2025 Badass in Green Honoree.

SPONSOR BENEFITS

Support Climate Action

California Environmental Voters' mission is to transform our political system to stop the climate crisis, build resilient, connected and green communities, and create a more just and sustainable economy. **Sponsoring the Badass in Green Awards empowers our nonprofit mission across California.**

Community Recognition

As a sponsor, you or your organization have the opportunity to be recognized in pre and post-event promotional material, as well as highlighted during the program. **Badass in Green has SOLD OUT with over 215 attendees for the last three years.** We anticipate this same headcount in 2025.

Brand Exposure

Our high-performing email marketing lists and social media channels give sponsors exposure to our engaged group of climate advocates, leaders, and donors, **showing all of California and its political and environmental communities, your commitment to solving the climate crisis.**

WHY YOUR SUPPORT MATTERS

In the face of an anti-environment Presidential Administration, California has an outsized responsibility to lead, ensuring both national and global progress and positioning the state as a powerful counterweight to federal environmental rollbacks. It will take partnership, agency, and shared vision to make big breakthroughs, and **California Environmental Voters has a 52-year proven record of being a connecting force for passing environmental policies, holding state lawmakers accountable, and winning elections.**

In 2024, EnviroVoters...

Passed Prop 4, a historic \$10 billion dollar climate bond, for investments in resilience & clean energy solutions

Won 87% of our head-to-head priority races against Big Oil, despite being outspent by them 20:1

Passed 12 major pieces of climate legislation, including beating back delays and weakening of SB 253 with the passage of SB 219

Expanded two national monument designations an additional 100,000 acres after years-long advocacy through our Ed Fund

Our victories remind us of what we're capable of doing together against big opposition. **With the help of our partners, legislative champions, funders, and supporters like you, EnviroVoters, the Ed Fund, and EnviroVoters' sponsored PAC entities accomplish game-changing wins for the environment and the communities most affected by climate change.**

LOCATION

SmogShoppe

Culver City, CA

Once a 1980s smog-check center, SmogShoppe is now a 100% solar-powered, 6,500 square foot indoor/outdoor event venue and a haven for desert plants, vertical gardens and chic vintage furnishings. SmogShoppe's spacious courtyard area is an oasis within Los Angeles, surrounded by garden walls filled with over 2,000 sq ft of greenery.

One of the most sustainably designed urban spaces both in Los Angeles and the United States, SmogShoppe exceeds nearly every requirement in every category for the US Green Building Council's Leadership in Energy & Environmental Design (LEED) Platinum Certification.
